Eccotarp collapsible railway bund

Collapsible spill bund designed for use on railway tracks. The bund is designed to protect the environment, persons and objects from hazardous leaks from trains and other rail vehicles. The special design was developed to accurately copy the track gauge as well as to function without the support of the tracks. Ideal for use during railway accidents, at railway stations, in depots, near standing loaded tanker rail cars, etc.

- ▶ Designed to accurately fit between the rail tracks (gauge 1435 mm)
- ▶ Possibility of fitting round any object
- ▶ Quick assembly
- ▶ Easy handling
- ▶ Maximum carrying capacity 200 kg
- ▶ Volume 800 l
- ▶ Side supports to ensure higher stability
- ▶ Optional drain hole GEKA PLUS 1

**Designed specifically
for railway applications**

Bund in transport shape

Can be completely unfolded to a flat surface to be washed

Folded out bund ready for final assembly

Easy handling thanks to side handles

Special design accurately fitting between 1435 mm rail gauge

There are two ways to place the tank under a train or other track vehicle: across the tracks or along them into the inner space between the tracks. Both ways passed very strict testing.

Brass drain hole GEKA PLUS 1

Correct anchoring of the side support

Technical details

The railway bunds are self-supporting, made from PVC with a protective proofing layer (PES/PVC 680 g/m²). The material is oil and acid resistant (see Chemical resistance certificate). Due to reinforcements in the side walls the spill bunds are rigid and self-supporting. Stability is ensured by means of added side supports. Side handles are attached for easy handling. The spill bund can be easily and quickly unfolded to a flat surface to be washed. The bund can be optionally fitted with a brass drain hole GEKA PLUS 1. The maximum carrying capacity is 200 kg. The temperature range for using the bund is from -30 °C to +70 °C.

Type	Dimensions of assembled bund (d × w × h)	Dimensions in transport (disassembled) state (d × w × h)	Volume	Weight
Eccotarp collapsible railway bund	1210 × 2500 × 330 mm	920 × 500 × 170 mm	800 l	12 kg
